ACCIDENT KILLS 3; HURTS AREA FAMILY

1.19 Rainfall Called Most Welcome Ever

For Lower Bucks County farmers, yesterday's rain storm "was the most welcome we ever saw."

"I've seen lots of rain but never anything that looked near so good as that," reported Al Checchia, manager of the Philadelphia Vegetable Growers Co-operative.

The rain, measured at 1.19 inches at Rohm and Haas, Bristol, came down long and hard late yesterday afternoon and most of the night.

It was the first "authentic" rain storm to hit the Lower Bucks area since April 29 when .53 inch of rain fell.

Since April 29 the total rainfall has been measured at 3.05 inches.

'Too Late'

For dairy farmers, the rain was too late. They may get some late pasture but for the most part, their farms have been damaged beyond repair this summer.

There's still a chance for some late corn. The rain actually hurt tomato farmers. The tomato plants have been so dried up by the dry spell that the rain cracks them.

Truck farmers will benefit most by the rain, according to Checchia. Root crops such as carrots, parsnips and turnips should come along well now, Checchia believes.

(Continued on Page 3, Col. 4)

Good Evening!

S.O. Batting for G.G.

Finally. A real soaking rain.

One little boy who hadn't seen rain in his memory said, "Gee, God has the sprinkler on hard."

Monday again and wouldn't it be nice if the week started on Tuesday.

Girard Case finally gets underway. But after hearing preliminary evidence it adjourns for three weeks. This trial may take longer than those old 15-chapter serials.

Congress better get busy and pass the FBI bill before the legislators adjourn the end of this week. Otherwise many criminals will go free because the FBI doesn't want to open its files.

Boris Morros still revealing more information that he collected in his 12 years as a U.S. counterspy.

He says many Americans working overseas are in the pay of the Soviet. Also that 55 firms here are operated as fronts for Soviet spy work. The government has probably been working on both revelations for some time.

Phila and Redlegs both headed backwards. Giants creeping up on both. But Milwaukee appears a shoo-in for the pennant.

Meanwhile, the Yankees are having a bit of unexpected trouble as the Chicago White Sox keep nipping at their heels. The Go-Go boys are only four games out and beginning to smell blood.

But with these cold mornings can football be far behind?

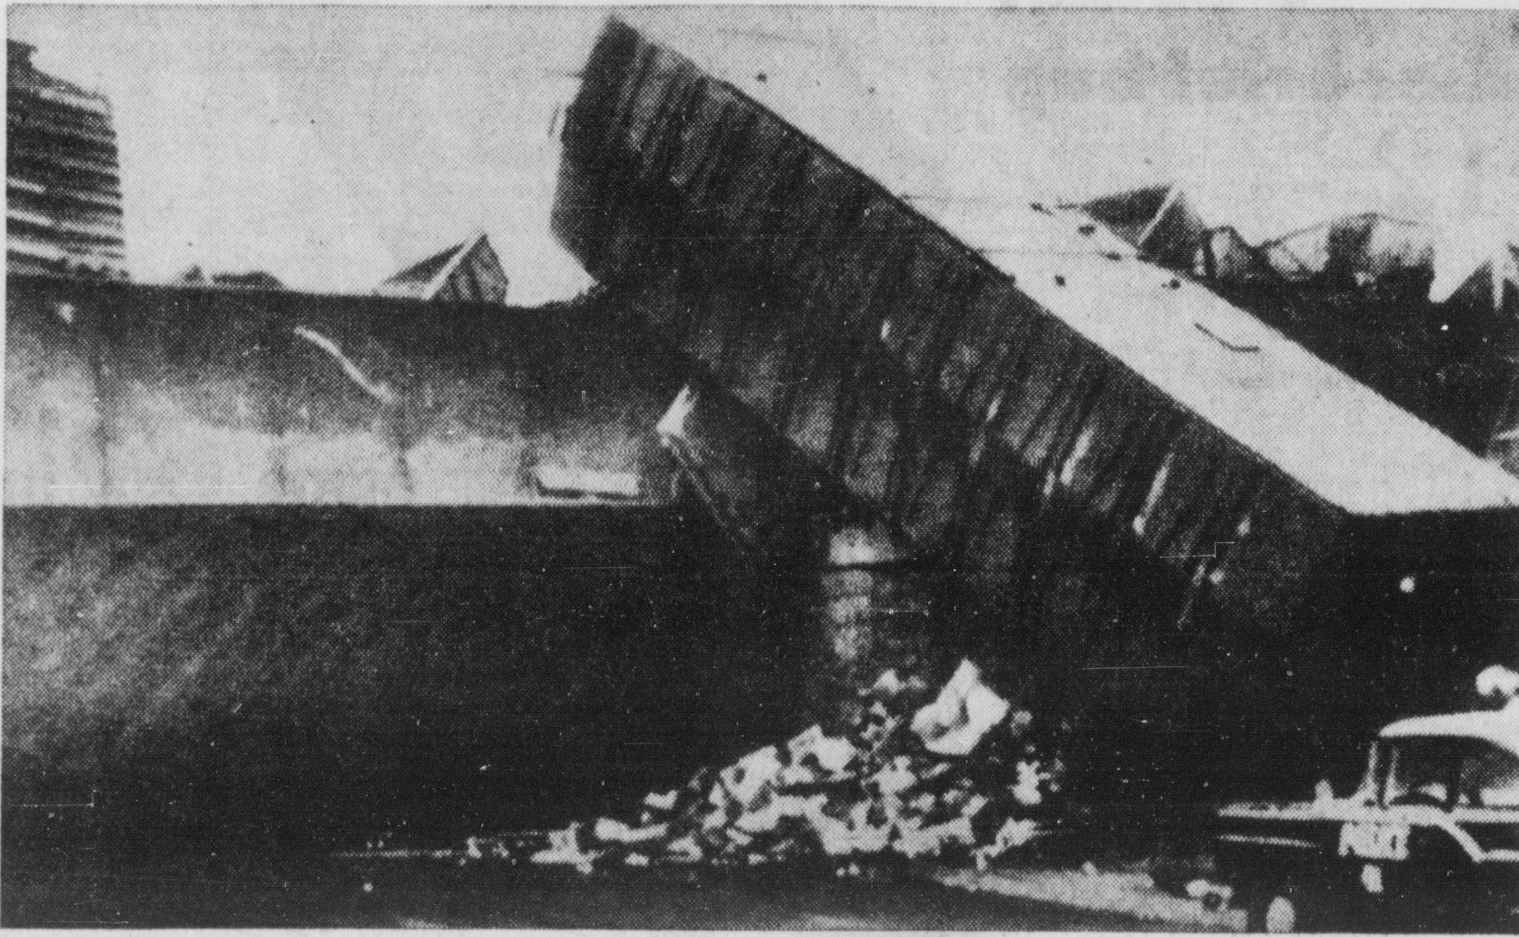

A telephone pole fell on an auto in Cleveland, probably in self-defense.

We know here the expression "better half" came from—"better do this, better do that."

If they had women volunteer firemen would they insist on nylon hose.

Be careful.

Train Over Bridge

At least one man was killed when 15 cars of a New York Central R.R. freight train crashed on a bridge over one of Syracuse's most heavily traveled streets.

Police have not determined whether the freight cars jumped the track or the bridge gave way with the train on it. (United Press Telephoto).

Clinic For Flu Shots Is Studied

Using the facilities of the Thomas Jefferson Polio Clinic for mass inoculations of the Asiatic Flu serum is a definite possibility, it was reported today.

Isaac Ben Ezra said today that a meeting is being planned for the committee that sponsored the polio clinic to consider putting an Asiatic Flu serum program into effect.

If the committee decides to go ahead, meetings will be arranged with local physicians and the Bristol Township and Bucks County Health Boards.

Committee Chairmen

Ben Ezra and James A. Aichele are co-chairmen for the Levittown - residents sponsored committee that has staged four \$1 polio clinics at the Thomas Jefferson Elementary School in Levittown.

More than 600 persons were inoculated at the clinic Saturday. Three physicians, a half-dozen nurses and about 25 volunteers handled the crowd of 600 with ease.

"Considering it was the last weekend of summer and many persons were away on vacation, the turnout of 600 was very good," Ben Ezra reported.

More than 1,000 persons were inoculated at the Thomas Jefferson School in the spring but "that was the time when people are most conscious of the danger of polio to themselves and their children."

Fifth Clinic

A fifth polio clinic is planned later in the fall.

Ben Ezra points out nearly 80 per cent of the persons eligible for vaccine shots have not received them. However, most of the persons in the age groups (Continued on Page 3, Col. 3)

Back-To-School Edition Today

With fall just around the corner, that means opening of school isn't far off.

Today, the Courier-Times gives its readers a special Back-to-School section (Pages 13-19), filled with values for the young ones and the teenagers. In addition the special section marks the first of Lower Bucks County school assignments with Council Rock High School in today.

Girard Fired At Other Japs, Trial Prosecutor Charges

MAEBASHI, Japan — UP — The government charged today that Specialist 3C William S. Girard fired "two or three times" at other Japanese before he fired the shot that killed Mrs. Naka Sakai and started a passionate international controversy.

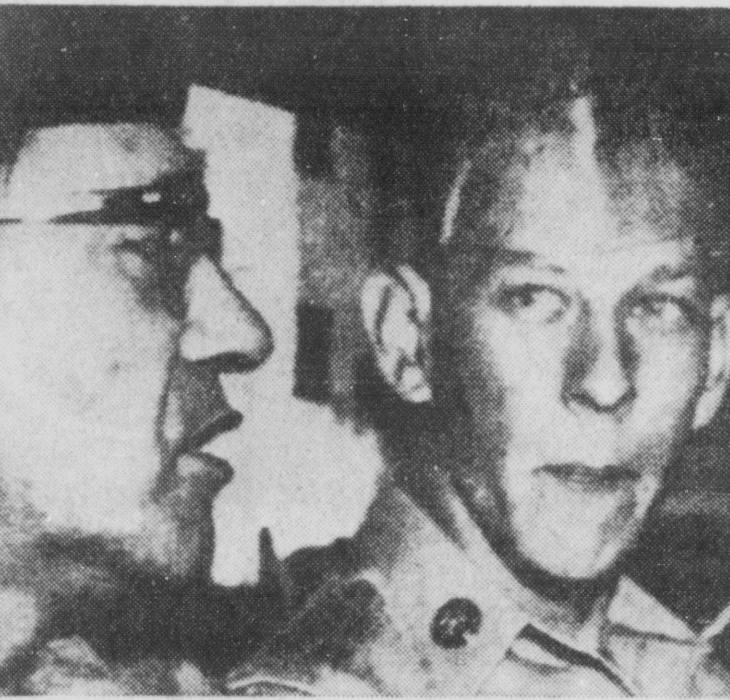

The prosecution read its statement on the opening day of the trial. At the end of the day, trial was adjourned until Sept. 6. During the opening moments Girard pleaded innocent to manslaughter charges and his attorney made a motion to get the case thrown out of Japanese courts.

The prosecution statement said that on the same day Girard fired at Mrs. Sakai he also fired at the feet of a man identified as Isamu Yadoyara and at scrap scavengers named Toshizo Koyama and Katsuzo Kanase.

Nine Witnesses to Testify

Chief Prosecutor (prosecutor) Yoshio Konawa announced he would call nine witnesses to testify, including Girard's Army buddy Specialist 3-C Victor Nickel of Inkster, Mich., who was with Girard at the time of the shooting.

The prosecution charged that Girard lured Mrs. Sakai toward him by throwing out used cartridges and calling "mama-san." (Continued on Page 3, Col. 6)

William Girard (right) and his lawyer ride to court.

Victim Is Missing After Beating

Two men, accused of beating carrying concealed deadly weapons. The men were arrested Saturday night by Bristol Township Police, and ordered held for a hearing at 8 p.m. tomorrow.

Police are now looking for Moler J. Stanback, of 1216 Court J, Bristol Terrace II, victim of the reported beating.

Stanback has disappeared after telling police that Wilbur Gary, 23, of 729 Anderson Ave., Bristol, and James McDuffy, 29, of 900 Court F, Bristol Terrace II, attacked him in a tavern on Beaver Dam Road.

Many Injuries

Stanback was taken to Lower Bucks County Hospital for treatment of numerous injuries. Attendants at the hospital called police. While being treated, Stanback told police that he was in the tavern talking with Gary when McDuffy picked up a stick and knocked him down with it.

He said that then both Gary and McDuffy jumped on him and beat him up.

On this information the police, Sgt. Richard Templeton, Patrolman William Edmond, Edward Ward, and Thomas Duffy secured warrants for the arrest of McDuffy and Gary.

They found Gary in the tavern. (Continued on Page 3, Col. 1)

Morrisville Residents Are Hospitalized

Three persons were killed last night in an automobile accident at Essington that injured a family of five from Morrisville.

Edward J. Gallagher, 38, of 1700 Westover Road, his wife, Helen, 34, and their three children were taken to Taylor Hospital, Essington near Philadelphia.

Gallagher's car collided with another, in which three were killed. The dead were identified as John M. McConnell, 38, his daughter, Linda, six, of Darby and Miss Otella Edwards, 50, of Chester.

Police said McConnell was returning from a vacation in Brooklyn, N.Y., when his auto went out of control, crossed the center strip and smashed into Gallagher's car about a mile west of the International Airport.

McConnell and the other occupants of his auto were flung from the vehicle. He and Miss Edwards were dead on arrival at Taylor Memorial Hospital in Ridley Park. His daughter, Linda, died shortly after the accident in Naval Hospital in Philadelphia.

McConnell's wife and son were treated at the Naval Hospital. Griffin was admitted to Methodist Hospital.

The Gallaghers remained in the hospital today for X-ray examination and observation. The hospital is located in Ridley Park, Delaware County.

Mr. Gallagher suffered lacerations of the legs. His wife received lacerations of the arm and leg and possible fractures of the leg. A son, Edward, Jr., ten, received several facial lacerations; another son, William, six, got bruises of the face and head and the Gallaghers' three-year-old daughter, Denise, fractured a leg.

Plane Crashes Into Home

PITTSBURGH (UP)—An airplane, believed to be a military craft, crashed today at nearby Clinton, Pa., a small community near the Greater Pittsburgh Airport. First reports said several homes were set on fire.

The wife of a constable at nearby Imperial Pa., said reports telephoned to her said the plane hit the home of John Maxwell on Clinton Road in Clinton.

Clinton is a small community of about 600 persons on Route 30 several miles west of the airport which is 15 miles from Pittsburgh.

The Greater Pittsburgh Airport director's office said they understood the plane was either an Army or Navy craft.

State Dept. Gets Newsman Hot Potato

WASHINGTON (UP)—The hot potato of whether American newsmen should go to Red China today was back in the determined but nervous hands of the U. S. State Department.

The controversy headed back to its starting point when Radio Peiping served heated notice Sunday that no American newsmen would be allowed in Communist China unless Red Chinese newsmen were given permission to report from the United States.

The Peiping radio broadcast, monitored in Tokyo, quoted the Peiping People's Daily, the official mouthpiece of the Red Chinese regime which invariably voices the government's views.

Today's Weather

Some clearing this morning becoming partly cloudy and warmer this afternoon. High 77 to 82. Fair tonight, Low 60 to 65. Tomorrow some cloudiness and a little warmer with scattered showers or thunderstorms late in the day.

New Survey Starts Today On Shopping

The phones really rang and the talk buzzed and buzzed all through the community this past week. The merchants asked for both bouquets and brickbats and readers reacted with exceptional interest. The Community Survey program got started with a bang.

Today a completely new and separate Survey begins. If you neglected to participate last week, look up the detailed announcement about this week's Survey on Page 11 and help yourself by doing your share this week.

This week we want to know: "What would you do about parking?"

Now don't sit back and say that you do not know how to solve the parking problem. Maybe no one knows how to solve it perfectly, but you are the ones who need the parking space when shopping and you may have just the idea that will result in some important improvements in this situation.

Just suppose you had been put in charge of the whole parking problem. What would you do to provide better parking for shoppers?

Send Ideas

You do not have to have a complete, detailed program. Just write in and tell us any ideas you may have that you think will be helpful.

Something very important could develop from your ideas.

Your letter about parking is one part of the Survey this week. A completely separate, but equally important part of the Survey, is to learn which ads you think will do the advertisers the most good. You can give us this most helpful information by simply filling out a ballot, indicating your choices.

You may write a letter about the shopping question—or—fill out a ballot about the ads—or—DO BOTH! There are weekly cash awards for those who prove to be "the best judges of advertising"—and at the end of the Survey there are completely separate special awards for "the most helpful letters."

It is very easy for you to participate in this Survey. This is your opportunity to tell the merchants what you like and what you do not like about how you are being invited through their ads and how you are being served when you go to the stores.

Popular Move

The many favorable comments and telephone calls have proved that the opportunity to indicate your likes and dislikes is a very popular move with readers and is building important good will for the merchants.

If you did not participate in the program last week, you can begin today and express yourself in this week's Survey because every week is a completely different and separate Survey with a different question about shopping conditions each week.

It's very easy to be helpful—you may fill out a ballot—or write a letter—or—DO BOTH.

Since this Community Survey program is for your benefit—help yourself by doing your share. Of course the merchants will benefit, but the greatest value will be in learning how to serve you better.

WHAT ABOUT PARKING?

Almost everyone has an idea about how parking can be improved for the benefit of "shoppers."

This week in the Good Will Community Survey, you are being asked to send in your ideas and suggestions as to how parking for "shoppers" can be improved. (Please see details on Page 11).

Since your readers are the actual "shoppers," your thoughts about how parking can be improved can be of great help to the merchants who are anxious that you have "shopping" the way you want it.

Of course—"parking" is a complicated problem, but just what you actual shoppers think about it and suggest regarding improvements, could provide a guide to much better parking arrangements for actual "shoppers."

If you have not already participated in the Community Survey, we are sure that you will find it most interesting to check the ads in the paper this week and indicate your preferences on the ballot provided for that purpose.

You are not required to write a letter to win the weekly cash awards that go to those who submit ballots. Those awards are decided mathematically and go to the readers who are nearest to the majority opinion.

There are completely separate awards that will be given out for the most helpful letters received during the Survey.

Regardless of whether or not you think you can win an award—do your share in this Survey to improve shopping conditions.

Ike To Be Vaccinated

WASHINGTON (UP)—President Eisenhower will be inoculated today against Asian flu.

The White House said the President's doctor, Maj. Gen. Howard McC. Snyder, and Surgeon General Leroy E. Burney, had recommended that Eisenhower take the shot.

Burney said last week that persons with histories of heart and pulmonary ailments should receive priority as soon as the vaccine was available.

Eisenhower suffered a heart attack in 1955. Press Secretary James C. Hagerty said that in view of that, the President would receive the vaccine today.

Congress Has Answer

Cornwells Couple Hoping To Adopt Korean Children

Two Korean waifs can look forward to Thanksgiving Day in Lower Bucks County if a bill to allow GIs to adopt war orphans is passed by Congress tomorrow.

Waiting anxiously for the decision by the House of Representatives is Mrs. Doris Simon, 29, of Cornwells.

Mrs. Simon and her husband, Sgt. Harry Simon, 33, a career Army man stationed with the 532nd Quartermaster Division near Inchon, Korea, have been trying to get the two Korean

children they adopted into this country for more than a year. The bill passed the Senate last week and Rep. Willard S. Curtin (Bucks-Lehigh) has informed Mrs. Simon that it will be brought to the floor of the House tomorrow.

Married 12 Years Rep. Francis E. Walter is sponsoring the bill.

The Simons have been married 12 years but have had no children. Sgt. Simon found the children at a Methodist camp in Korea.

After meeting the children, Simon liked them so much that

he took their pictures and wrote home to his wife.

She was just as enthusiastic. They decided to adopt the youngsters and final adoption papers were approved early this year.

Mrs. Simon has already prepared rooms for the youngsters and the couple has named them Carol Ann and Dennis Lee. The latter is four while the former is six.

Sgt. Simon has had his tour of duty extended several times so that he could stay with the children until they are permitted to come to this country.

Congress Is Driving For Adjournment

WASHINGTON (UP)—The congressional adjournment drive picked up new momentum today.

The House Rules Committee cleared the biggest obstacle to the House floor for a final vote expected Tuesday. The measure had been stalled in committee for two weeks.

Another major roadblock—the foreign aid bill—also headed for clearance.

Senate Democratic Leader Lyndon B. Johnson told President Eisenhower at a White House breakfast conference that he will support a "substantial increase" in the foreign aid appropriation—but not what the President wants. Johnson gave Eisenhower the assurance just before the Senate Appropriations Committee met to consider the money bill.

Both developments brightened congressional adjournment prospects.

"I hope we can get out at the end of this week or the middle of next week," Johnson told reporters.

The amended civil rights bill was passed out of committee by a 10-to-2 vote after a bi-partisan committee majority convinced the group over the opposition of its Southern chairman, Rep. Howard W. Smith (D-Va.). The measure contains a compromise jury trial amendment written Friday by congressional leaders of both parties.

The Rules Committee also cleared another major measure—a bill designed to protect the sanctity of FBI files. The bill is designed to offset a recent Supreme Court ruling that defendants in criminal cases are entitled to examine certain portions of FBI reports made by government witnesses who testify against them.

Speaker Sam Rayburn said the House would take up the FBI bill Tuesday after the House acts on the civil rights measure.

The civil rights bill started moving through the legislative machinery of Congress again today.

This time it appeared certain to win approval and presidential signature before the week is out.

Victim Missing Is Mystery

(Continued From Page One)

Upon searching him police said they found a knife. In the meantime, police report, McDuffy tried to leave the cafe. He was picked up outside as he tried to get in his car.

A search revealed that McDuffy was carrying a set of brass knuckles. Also police found a loaded .22 caliber rifle and 30 additional shells in McDuffy's car.

The two men claimed that the fight started after Stanback threatened Gary with a large knife. The officers then tried to find Stanback and the knife but he had left the hospital and police could not find him at his home.

Miss Levittien Prelim Tonight

Preliminaries for Miss Levittien contest will be held at 8 o'clock tonight on the Shop-a-Rama mall.

Thirty-nine contestants are entered from all sections of Levittown. The girls are between the ages of 13-19.

Judges are Marvin Levitt, Bernard Glaser, Violet Zelasko, a former Mrs. Levittown, and David Blittan.

The contest is sponsored by the Levittown Businessmen's Association, and will be the fourth annual affair.

Rain date for the contest is Wednesday at 8 p.m.

Finals are Saturday and will be held in connection with the Levittown-a-Ree.

Car Caught in Cave-In

Three cars were trapped at various times this morning in a ditch that had been dug, then filled in, across Mill Drive at Bristol-Oxford Valley Road, Levittown. Yesterday's heavy rains caused the dirt to sink. When automobiles tried to cross the ditch the surface caved in. Car wheels sunk up to the hub caps. A tow truck had a busy time pulling the cars out. (Courier-Times Photo).

Homemade Fire Gun

2 Youths Arrested For Setting Blazes

Two young Levittowners were arrested over the weekend and charged with setting several field fires in Vermilion Hill with the use of an ingenious fire gun.

Fire Chief Robert Jones, Falls Township Number 1, said the two boys, 12 and 13-years-old, admitted setting the fires in the woods behind the Vermilion Hill section.

Firemen have been battling

Sky Object Is Mystery

Two persons reported seeing an unfamiliar object in the sky over Lower Bucks County Saturday.

Harry Seebold, 3905 Bristol Pike, Langhorne RD 3, said he watched the object through binoculars. He said it was stationary, looked like a balloon, but seemed to change shape.

A woman called from Bristol Heights, near Croydon, and said she and several neighbors had been watching an object "which looked like a wand, or long piece of thread." She said another object had appeared, moving sideways at a very fast speed and disappearing behind clouds.

McGuire Air Force Base said there were no reports there on the situation. Planes from the base patrol a radius of at least 40 or 50 miles.

Prince Hints Grace Is Expecting Again

SCHONRIED, Switzerland UP—Prince Rainier of Monaco hinted strongly today that Princess Grace is expecting another child.

He told a United Press correspondent from his Swiss vacation hideaway that he is "waiting for medical confirmation" before making any announcement on the subject.

Rainier asked newsmen "not to show yourself more impatient than the parents themselves who very soon hope to rejoice themselves."

17 Hurt In Weekend Lower Bucks Mishaps

24 Killed On State's Highways

By UNITED PRESS

Pennsylvania motorists turned in one of the blackest records of the year over the weekend. Highway accidents killed more than a score of men, women and children in a toll that exceeded the casualty list of most holiday periods.

A United Press tally showed at least 24 persons died in a series of accidents occurring throughout the state since Friday night. Scores more were injured in minor crashes.

One of the state's fatalities occurred in Bucks County yesterday when Roy Hunter, 58, of Lahaska was killed as his automobile missed a turn on Route 202 near Doylestown.

Two triple-fatal crashes contributed to the heavy death count. The first occurred early Saturday near Indiana in Cambria County and took the lives of two teen-aged boys and an 18-year-old girl. The second was a two-car collision near Philadelphia which killed a six year old Darby, Pa. girl and two other persons late yesterday. The fatalities:

Woman Dies

Philadelphia: Mrs. Margaret Paucello, 26, Philadelphia, was injured fatally and five other persons injured Saturday when two automobiles collided at a West Philadelphia intersection. She died two hours after the accident in Philadelphia General Hospital.

Pittsburgh: Ronald McKelvey, 19, North Hills, was killed early Saturday when his automobile skidded on Babcock Boulevard and struck a guard rail.

Pittsburgh: Patricia Ashbaugh, 25, Pittsburgh, was injured fatally early Saturday when her automobile struck a tree in the city's Squirrel Hill district. Three passengers were hurt.

Pittsburgh: R. Neal Stewart, 14, Coraopolis, was killed Friday night when he was struck by a light truck driven by Janet Wade, 21, Moon Twp.

1.19 Inches

(Continued From Page One)

Chechia says the rain may bring along the hard-suffering beet crop.

"But the rain or rain that is likely to follow is not going to erase the fact that Southeastern Pennsylvania has suffered its worst drought in history," declared William F. Greenawalt, Bucks County Agricultural Agent. The Rohm and Haas Co. weather statistics show this area had nine days of rain in June but the total rainfall measured only 1.51 inches, just a little more than fell yesterday.

The July rainfall measured only 47 inches and before Sunday, only 18 of an inch of rain had fallen during August.

GOOD PLACE TO START

NEW ORLEANS (UP)—An artist who painted a prize-winning "modernistic embrace" in a local show explained today why she chose the field of modern art. "It's the only thing I can draw," said 7-year-old Lynne Alliver.

Four persons were injured when this auto collided with another at Route 13 and Edgely Ave., Bristol Township,

last night. A total of 17 persons were injured in auto crashes over the weekend. (Photo by Monte).

Tullytown To Discuss Assessments

New tax assessments in Tullytown for next year's budget will be discussed by members of Borough Council at a special meeting tonight in the fire station.

Councilman Michael Pirollo, chairman of the finance committee, said the meeting will be held by his committee, with other interested councilmen invited to comment on the changes. Assessments on some properties were lowered in the figures announced by the county, while others were increased.

Council was informed of new assessments at its regular meeting last week, but deferred examination of the figures. Councilman Edward Boyer presided in the absence of Council President Charles Mitchell, vacationing.

Council also authorized the State Department of Forests and Waters to proceed with a project to improve Martin's Creek south of Route 13 to remove a flood hazard. The creek will be deepened, cleaned and possibly rerouted.

Falls Home Owners To Get Tax Saving

David I. Struble, Democratic candidate for Falls Township tax collector today released his latest correspondence with the County Trust Co. of Tarrytown, N.Y. The bank holds most of the mortgages of the 900 Rancher homes in the North Park and Elderberry sections of Levittown.

Under date of August 22, the County Trust Co. wrote as follows: "We are pleased to advise you that the school tax bills on all our mortgage accounts in Levittown will be paid during the discount period." "This means," said Struble, "that each homeowner will save \$2.84 this year and the saving over the balance of the mortgage will amount to about \$60 per home."

Man Crashes Car!

A new accident twist took place at Bristol's Memorial Field yesterday during the Lower Bucks County Softball League playoffs. Dave Muth, Tullytown Tavern right fielder, crashed into parked car while chasing a foul ball. As evidenced by the picture, the car's right window was shattered and a

gent was put into the right side. Muth (left) and Bob Tarry of Fairless Hills, owner of the car, look over the damage. The 15-inning ball game was won by Tullytown Tavern, beating Cadillac Bar, 5-4. For Details, see Page 9. (Courier-Times Photo).

Middletown 2-Car Crash Injures 7

Seventeen persons were injured in a series of Lower Bucks county auto accidents over the weekend.

The largest toll came in a two-car crash in Middletown Township where seven persons were hurt during last night's rainstorm. Middletown Township police report that a car driven by John C. Puglionisi, 45, of Brooklyn, N.Y., skidded through a red traffic signal on Route 1, at the intersection of Oxford Valley Road and crashed into another car stopped at the light.

The second car was driven by Paul J. Smith, 16, of 150 W. Nedro Ave., Philadelphia.

Mrs. Marie Salemin, 65, a passenger in Puglionisi's car, also of Brooklyn, was admitted to Lower Bucks County Hospital, for a fractured pelvis and ribs. Puglionisi's wife, Rose, 38, was also admitted to the hospital with severe laceration of the scalp.

Youngsters Hurt

His two sons were also treated at the hospital. John, Jr., 6, suffered a broken arm, while Ross, 10, was treated for cuts. Puglionisi, Smith and Miss Linda Harper, 16, of 106 Grange St., Philadelphia, were also treated for cuts and bruises.

Four persons were injured, two seriously, in a crash at Route 13 and Edgely Ave., last night. Police report that car driven by Mrs. Claire Williams, 35, of 27 Crestwood Road, was trying to make a left turn onto Edgely Ave. and collided with a vehicle driven by Ronald Seneca, 17, of 820 Pine St., Bristol.

Mrs. Williams was admitted to Lower Bucks Hospital with possible fracture of the ribs. Vincent Williams, 42, of the same address, was also admitted with a possible concussion.

Treated and released at the hospital were Carol Sharrp, 17, of 16 Gingerbush Road, Goldenridge, Levittown, and Myrna Renfiss, 15, of 732 Corson Street, Bristol.

Route 413 Mishap

State police, of the Fairless Hills barracks, report two other persons were injured in a crash on Route 413 four miles north of Newtown. They are Eugene Paulswirth, 30, of Belmont Hills, Langhorne R.D., and his wife, Margaret, 26.

Bristol Accident

Three out-of-town drivers were introduced at the Bristol Borough intersection of Route 13 and Bath Road yesterday when their cars collided at the red light. No injuries were reported, but Borough police gave one a ticket.

Four Injured

Four persons were injured in a three-car collision in Bensalem Township Saturday afternoon, resulting in one of the drivers being charged with reckless driving.

Gordon S. Horne, 29, of 39 Mayflower Road, Levittown, was charged with reckless driving by Patrolman George Egly, following the accident at Mechanicsville and Street Roads.

Patrolman Egly said the accident occurred when Horne, traveling west on Mechanicsville Road, slipped through a stop sign, colliding with a car driven by Jack Sandler, 18, of 1744 North Aberdeen St., Philadelphia.

Horne was treated for a cut forehead.

Three-Car Collision

Slick roads last night "were blamed for a three-car collision in Falls Township on Route 1 and Olds Boulevard.

Walter Falen, 412 Ardover Road, Fairless Hills, was stopped before making a left turn when he was struck in the rear of his car by an automobile driven by Ernest Guenther, 64, Nesting Rock Lane, North Park, Levittown.

A third automobile driven by Baker Thurber, Lansdowne, hit the other two.

Falls Township Officers Wallace McCamish and George Mitchell, who investigated, said damage to all three cars was slight.

No injuries were reported and no violations charged.

News Tip Call May Mean \$5.00

If you've got a keen sense for news, it could mean extra bucks for you. Whatever the news tip might be, just phone the News Tip Editor, Courier and Times, Windsor 5-1000 or Stillwell 8-3325. For the best tip of the week, the Courier and Times will pay \$5.00.

Two Horses Are Included

Two horses were included in the week end traffic toll. The animals suffered lacerations of the rump when a car crashed into the hay wagon they were pulling 2:10 a.m. yesterday.

The accident occurred on Route 13 just east of Croydon. Russell Vandergrift, 62, of 2835 Pearl Ave., Edgington, was driving the team.

Edward Klein, 27, of 1702 Spencer Drive, Croydon, crashed into the rear of the wagon. He told Bristol Township police he did not see the red light on the rear of the wagon until it was too late. Neither Klein nor Vandergrift were injured but the wagon was wrecked and damage to the car was estimated at \$600.

Patrolmen Edward Martin and Robert Clark issued a ticket for reckless driving to Klein.

Morrisville • Yardley • Makefield

Sawyer Blasted On Street Charge

Morrisville Councilman James Magee has called Councilman John Sawyer's statement on the Washington Street extension a "definite slap at me and the Morrisville Borough Council."

Sawyer charged that "non-progressive Democrats and old guard Republicans are holding up completion of the street plan."

Magee said, "I strongly resent Sawyer's charge that something is being done to stall the completion of the project."

"We have been following the orderly and legal procedures as authorized by the state and as advised by our solicitor."

"I feel the entire situation is moving along in an orderly fashion and Sawyer has no right to challenge the legal movements of council," he said.

Sawyer, the leading proponent of the street plan, said the street should be in construction stage already except for some legal "dilly dallying."

Morrisville Borough Council approved the condemnation of the plan several weeks ago.

A further meeting with Paul Sullivan, in an attempt to reach a

price on his property, is set for Friday.

The session is listed for 8 p.m. at the borough hall.

Stars Dared To Testify In Libel Trial

HOLLYWOOD (UP) — Defense attorney Arthur J. Crowley today dared film celebrities "to swear" in court that lurid stories about them in Confidential and Whisper magazines were untrue.

Crowley's challenge was an outgrowth of out-of-court denials of alleged off-screen amour by such stars as Corinne Calvet, Maureen O'Hara and John Carroll. The attorney said he would prefer that the prosecution call the alleged celebrities to the stand because, "it would put me in a position to impeach their testimony."

The sensational criminal libel trial of Confidential magazine entered its fourth week today.

Fred Meade operator with his wife of a Hollywood agency which the state charged gathered juicy tidbits for Confidential, took the witness stand for the third time. The state hoped to lure him into revealing additional details of how Confidential allegedly paid prostitutes, bit actors and others for "inside" information.

Whether Miss Calvet or dozens of other stars named as possible candidates for the witness stand will be called remained a mystery. However, the French-born actress has been alerted by the defense to appear in court on two hour notice.

The orchestra music is under the leadership of Warren Westenberg. It is provided by cooperation of the Trenton Musical Association, Local 62, American Federation of Musicians, through a grant from the music performance trust fund of the recording industry.

The music performance trust fund is an extension of a program of public service originated by the recording and transcription fund of the AFM.

"Then false prophets insinuate their way into these depressed groups, sowing the seeds of hate and rebellion, deluding them with deceptive phrases," he said.

"You see all around you masses of men struggling amidst insurmountable difficulties, hunger, destitution, ignorance," he said.

"Some who forget even their dignity, lose their ideals, content themselves with vulgar satisfactions."

"Then false prophets insinuate their way into these depressed groups, sowing the seeds of hate and rebellion, deluding them with deceptive phrases," he said.

Lions Club Lives Code Of Service

The Yardley-Makefield Lions Club often lives its code of being a service club.

Another example of the club's service took place recently when the club sent a wheel chair to an injured Morrisville resident.

Mrs. Charles Douglass, 5 River Road, broke her leg in an accident at her home recently.

Mrs. Douglass was treated at Mercer Hospital and was confined to bed.

She was in need of a wheel chair when she became well enough to get around.

The Yardley-Makefield Lions Club and its president, Kappy Kaplow, heard of the plight.

The club came to the rescue of Mrs. Douglass and delivered a wheel chair to her.

Club members all joined in wishing Mrs. Douglass a speedy recovery.

Mr. Kaplow said the club has wheel chairs available for others needing them, and hospital beds as well.

School Officials

Dr. Thomas S. Wright, consulting psychiatrist, and Barbara Weintraub, educator, make final plans for the opening of the Valley Day School For Emotionally Disturbed Children. The school opens this fall in the Fallsington Meeting House. (Courier-Times Photo).

Hearing Set On Apartment Building Site

Morrisville residents will get their chance to speak on the proposed apartment building at a hearing tomorrow night at the borough hall.

The open meeting is listed for 8 p.m.

Louis Cahan, Trenton builder, has proposed a \$2,000,000 168-apartment building in the borough at Crown St. and Trenton Ave.

Modern Features

The structure will have air conditioning and off-street parking in the building, as well as several other modern features.

Council has approved on its first reading the zoning amendment which will allow for the building.

Previous zoning ordinances provided that no building higher than two stories be allowed in the borough without a special variance.

Information Session

Following the public hearing, which is an information session, council must pass the ordinance at two other readings before it can be finally approved.

The building is supposed to be completed within a year from initial date of construction.

Fare Decision Waits Action

PHILADELPHIA (UP) — A decision on new fares for the Philadelphia Transportation Co. is not expected to be handed down much before Dec. 2.

P. Stephen Stahlnecker, state Public Utility Commissioner, said it would take that long to wind up hearings on the company's request for a fare increase and the city's petition for decrease in the rates.

The commission at Friday's hearings set dates for what they hoped would be the final five days of testimony and cross examination.

The dates are in the late part of September. If further sessions are needed Jay Iseman, the commission's chief examiner, said they will be held during the first week of October.

After that 25 days will be allotted for briefs and reply briefs by the city, company and PUC legal staffs.

Other officials include Abe Francis, senior vice commander; Frank Wilson, financial secretary; Carl Elfvig, chaplain; Jack Nolan, sgt. at arms; Richard Chamberlain, historian; and John Hibbs, service officer.

Firemen Extinguish 2 Field Fires In Boro

Morrisville firemen drowned two field fires in the borough last week.

Firemen from Union and Capitol View Fire Companies put out fires within a half hour of each other Friday at Dorsett Drive, Grandview Estates, and North Delmor Ave.

are different from those of the adult. In reality there is little difference for the child's body is the same functionally as the adult's. You were once a child.

A child, as a rule makes about the best patient... mainly for the reason that he has not carried nerve interference as long and since his body is in the formative stage will respond better and more quickly than the adult.

It is only sound reason that if Chiropactic will work for one person (adult) it will work for another (child). The principle is immutable; and is applicable to any condition. As we have said before, Chiropactic is good for any part of the body which nerves supply, and nerves supply every part.

It is very well worth your while to have your children checked by a Chiropactor if there is any suspicion of disease or lack of ease in the body. For the sooner the block to that vital life energy is removed, the less damage will be done and the quicker the response.

Your Chiropactor will welcome you and your children in his office, for a healthy generation will make a better nation.

(One of a series of articles published in the public interest to explain and illustrate the practice of scientific Chiropactic, written by Dr. Meade Whiteside, D. C., whose office is located at 24 E. Franklin St., Morrisville, Pa.)

Office Hours Mon.—Wed.—Fri. 9 to 10 A.M.—2 to 4—6 to 8 P.M. Adv.

Yardley Legion To Study Playground For Post Home

The new officers of the Yardley American Legion Post will consider the possibility of building a playground at the post's first fall meeting.

The Knowles Doyle American Legion Post will meet Sept. 16 at the post home on South Main St.

Discussion of the new playground was tabled during the summer months.

The post is thinking of building a playground behind the post home for the younger tots.

Andy Maroney, club spokesman, said the new officers will consider the playground among the earliest business of the post.

Charles Washack will be installed as post commander in the fall.

Other officials include Abe Francis, senior vice commander; Frank Wilson, financial secretary; Carl Elfvig, chaplain; Jack Nolan, sgt. at arms; Richard Chamberlain, historian; and John Hibbs, service officer.

Pope Derides 'Deceptions'

VATICAN CITY (UP) — Pope Pius XII warned the world's working youth Sunday to beware of "false prophets" who sow "the seeds of hate and rebellion, deluding them with deceptive phrases."

He apparently referred to Communists.

The Pope spoke to some 300,000 persons gathered in St. Peter's Square, including some 30,000 delegates to the first world assembly of the Young Christian Workers Organization.

"You see all around you masses of men struggling amidst insurmountable difficulties, hunger, destitution, ignorance," he said.

"Some who forget even their dignity, lose their ideals, content themselves with vulgar satisfactions."

"Then false prophets insinuate their way into these depressed groups, sowing the seeds of hate and rebellion, deluding them with deceptive phrases," he said.

"Then false prophets insinuate their way into these depressed groups, sowing the seeds of hate and rebellion, deluding them with deceptive phrases," he said.
